THE ACCOUNTANCY PROFESSION

Over the years, the Chartered Accountancy profession has achieved rapid growth by virtue of quality professional services being rendered by its members, and has come to occupy a prominent role in our economy and society. As against a meagre membership of 1,700 in 1949, today the membership of the Institute is over 3,50,000. Increasing responsibilities are being entrusted by the Government and the society at large on the members of the profession and their specialized knowledge and skills are being utilized in various fields. Statutory recognition is given to the role of the members of the profession and their audit/ certification is insisted upon for various purposes in different statutes.

The Institute is playing a prominent role in the international accounting profession by virtue of its membership and active involvement in the activities of International Federation of Accountants (IFAC), International Accounting Standards Board (IASB), Confederation of Asian and Pacific Accountants (CAPA) and South Asian Federation of Accountants (SAFA).

Educational Activities

The Institute undertakes educational activities through its Committees. It has two educational committees for imparting education and training to students of chartered accountancy course, viz., Board of Studies (Academic) and Students Skills Enrichment Board [Board of Studies (Operations)].

As a part of its responsibility to regulate the profession of Chartered Accountancy, the Institute enrolls students for the Chartered Accountancy Course, imparts theoretical education, information technology and soft skills training and monitors practical training to be undergone by them as per the requirements of the Chartered Accountants Regulations, 1988. It also holds qualifying examinations for its registered students and issues Certificate of Practice to Members intending to practice subject to stipulations, where ever applicable.

Board of Studies

The Board of Studies (Academic) and Students Skills Enrichment Board (Board of Studies - Operations) are responsible for formulating and implementing policies and programmes relating to education and training of students. The mission of the Board of Studies is to provide a strong foundation of professional knowledge, skills and values, ethics and attitudes that enable students of chartered accountancy course to evolve as competent professionals and adapt to changes throughout their professional career. The main activities carried out by the Board of Studies on continuous basis are as follows:

- Recommend to the Council the broad policies governing theoretical education, soft skills and information technology training and practical training of the students undergoing Chartered Accountancy Course.
- Contribute to the Council's periodical exercise of Review of the scheme of Education and Training including related amendments in CA Act/Regulations.
- Provide high quality theoretical education to students by developing value added Study Material and continually updating and reviewing the same for qualitative upgradation.
- Enable honing of higher order application and analytical skills of students by providing a digest of regularly updated case scenarios and case studies.
- Facilitate students to effectively revise concepts and apply the concepts in problem solving through Revision Test Paper before every examination.
- Facilitate students to self-assess their level of preparation for examination through quality Mock Test Papers before every examination.
- Facilitate students in revision for forthcoming examination by publishing Suggested Answers to questions set at examination.
- Facilitate enhancement of interpersonal and communication skills and information technology skills through two level integrated information technology and soft skills training.

- Conduct free live learning classes through expert subject faculty for students across the country for facilitating effective learning.
- Conduct 'BoS for Success' series to gear up students to face the examination by revisiting important concepts and their application.
- Make available E-books and Video Lectures on the Digital Learning Hub (DLH) of ICAI to enhance learning experience of students.
- Make available all BoS publications, E-books, live and recorded lectures, 'Ask your Query' for subject specific queries, 'BoS for Success' series, students' journal including subject-wise capsules, mock test papers, latest BoS and Examination announcements, practical training assessment portal along with other student services portals, in 'BoS Mobile App' to provide one stop solution to students.
- Conduct Practical Assessment Training Test to assess the knowledge and skills gained by students during the course of their Practical Training.
- Publish students' journal every month with updated information including subject-wise revision capsules.
- Interact with other institutions of higher learning within/outside the country and professional accounting bodies of the world to exchange useful information.
- Interact with Institutions/Universities for the Members of ICAI to pursue Ph.D. for Endowments purposes.
- Conduct Commerce Summit along with UGC/AIU to engage Vice-Chancellors' of various universities all over India.
- Promote Commerce Education across the country by assisting UGC in preparing curriculum for B.Com and BBA course and other related undergraduate courses.
- Promote Commerce Education across the country at school level as a knowledge partner, and interact with Secondary and Higher education Board, State Level Board, CBSE, etc.
- Foster research by partnering with universities of national and international repute enabling members to pursue academic and analytical research leading to Ph.D.

Scheme of Education and Training

SCHEME OF EDUCATION AND TRAINING

The Institute of Chartered Accountants of India periodically reviews its scheme of education and training to remain in tandem with developments in the field of education and other changes at the national and global levels. Evolving business and changing environment also demand newer skills from the accounting professionals. ICAI, being a member body of International Federation of Accountants (IFAC), has to comply with the International Education Standards [IES 1 to IES 8]. Further, the scheme has been re-aligned as per the National Education Policy (NEP) 2020.

Objectives of the Scheme

Developing Global ready professionals by equipping aspiring chartered accountants with requisite competencies through:

- enriched learning methodologies
- cogent and holistic skill assessment
- effective and focused practical training
- industry orientation
- multi-disciplinary approach

Progression of Skills

Professional Competence Assessment

Professional Competence comprises of three components, viz. :

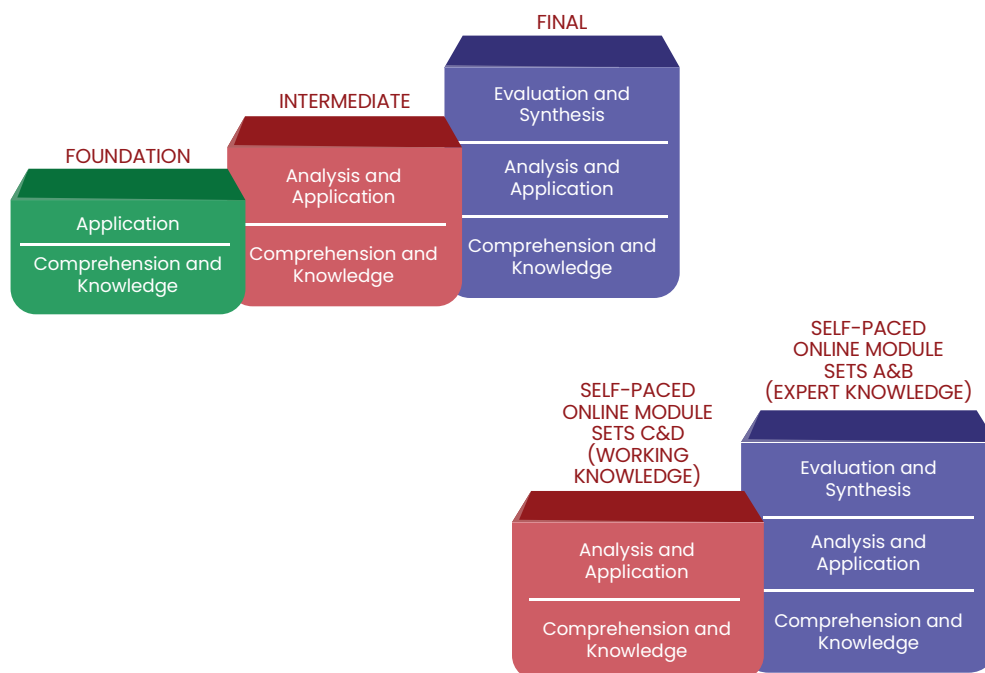

- technical competence
- professional skills
- professional values, ethics and attitudes

acquired through Academic Education and Practical Training

Assessment of professional competence to test whether the aspiring chartered accountants have achieved the appropriate level of professional competence, is essential to:

- protect public interest
- enhance the credibility of the profession by permitting those who meet the profession's competence requirements to become Chartered Accountants

Assessment of skills, accordingly, would progress as under:

Self-Paced Online Modules

SELF-PACED ONLINE MODULES

About Self-Paced Online Modules

In the current dynamic economic scenario, it is critical for the Institute to devise a new approach for developing, updating and delivering professional accountancy education and training. The process of developing a chartered accountant must centrally involve critical and interdisciplinary thinking, research and innovation.

Accordingly, four self-paced online modules [SETS A, B, C and D] encompassing different fields, have been introduced for the first time in the Scheme of Education and Training. As the name suggests, a student can learn and qualify the modules at their own pace after qualifying the Intermediate level Examination.

SET A and SET B would comprise of mandatory online modules, namely, Corporate and Economic Laws and Strategic Cost and Performance Management, respectively. SET C and SET D would comprise of online modules, wherein a basket of options would be made available to a student, and he can choose one each under each set from the options available to him.

Manner of learning

The learning modules/study materials for the Self-Paced Online Modules will be provided to the students in the form of eBooks. In case of SET A and SET B, physical copies would also be provided to students.

Besides e-books, video lectures of experts from industry, who have rich practical exposure in the relevant subject area, will be made available to the students through Digital Learning Hub (DLH). The learning through these video lectures can be monitored through DLH itself. Students would be required to complete the minimum prescribed learning hours for each self-paced online module they opt for. Special sessions would also be organized periodically to address the queries of students.

Registration process

Students after qualifying Intermediate Examination have to register for Final Course. At the time of registration of Final Course, students would be required to register for Self-Paced Online Module also. The form for Final Course registration will contain the facility to opt for the subject under Self-Paced Online Module Set C and Set D. No separate fee is payable for registration of Self-Paced Online Modules, namely, SETS A, B, C and D.

Subjects

SET A	Corporate and Economic Laws [Compulsory]	(100 MARKS)
SET B	Strategic Cost and Performance Management [Compulsory]	(100 MARKS)
SET C	Elective (Opt for any one of the below options)	(100 MARKS)
	1 Risk Management	
	2 Sustainable Development and Sustainability Reporting	
	3 Public Finance and Government Accounting	
	4 The Insolvency and Bankruptcy Code, 2016	
	5 International Taxation	
	6 The Arbitration and Conciliation Act, 1996	
	7 Forensic Accounting	
	8 Valuation	
	9 Financial Services and Capital Markets	
	10 Forex and Treasury Management	

SET D	Towards developing inherent traits of CA students and incorporating Multi-disciplinary approach envisaged in NEP, 2020] (Opt for any one of the below options)	(100 MARKS)
	<ol style="list-style-type: none"> 1 The Constitution of India & Art of Advocacy 2 Psychology & Philosophy 3 Entrepreneurship & Start-up Ecosystem 4 Digital Ecosystem and Controls 	

A student has to undergo online learning in Corporate and Economic Laws [SET A] and Strategic Cost and Performance Management [SET B] mandatorily. Further, he has to choose one module each from SET C and SET D.

Syllabi

The syllabi of each subject has an objective statement and contents. In SET A Corporate and Economic Laws and SET B Strategic Cost and Performance Management, students are expected to acquire expert knowledge. Working knowledge is expected for Self-Paced Online Modules opted in SETS C and D.

SET C contains ten electives, from which a student can choose one, based on his or her interest.

Towards a more holistic and multi-disciplinary education emphasized in the National Education Policy, 2020 (NEP, 2020) for developing intellectual, aesthetic, social, physical, emotional and moral capacities in an integrated manner, a student has to opt one out of the four options, namely, The Constitution of India & Art of Advocacy; Psychology & Philosophy; Entrepreneurship & Start-Up Ecosystem and Digital Ecosystem & Controls. This would facilitate high quality holistic and multidisciplinary education, delivered online, laying stress on “how to think” rather than “what to think”.

Such creative combinations of disciplines would inculcate cross-disciplinary thinking amongst students and facilitate innovative reasoning in solving real-life problems which they encounter in their practice or employment, once they qualify as a chartered accountant.

About Examination

The assessment would be online by way of multiple choice questions, which would be case scenario based for SETS A and B; and a combination of independent MCQs and case scenario based MCQs in case of subjects in SETS C and D. Expert knowledge is expected in SETS A and B, wherein all skills, namely, knowledge and comprehension, application and analysis and evaluation and synthesis would be assessed. Working knowledge is expected in SETS C and D, wherein knowledge and comprehension and application and analysis would be assessed.

The detailed modalities are being worked out and would be communicated to the students.

Requirement for passing Self-Paced Online Modules

A student has to qualify these online modules (SETS) for appearing in Final Examination. The minimum marks for qualifying each module is 50%. There is no restriction in the number of attempts. Students would be permitted to change the subject opted for in SET C and SET D. The marks obtained in Self-Paced Online Modules will not be aggregated with the marks obtained in the core papers for the purpose of assessment.

International Curriculum

INTERNATIONAL CURRICULUM

International Curriculum of ICAI, with its distinguished features, envisages **positioning CA qualification of ICAI as a global qualification to meet the demand for accountancy professionals outside India**, particularly in the countries where accountancy profession is in the nascent stages of development or in the countries where no professional accounting body exists. ICAI's International Curriculum would help achieve the **Government's objective of internationalisation of higher education** as enshrined in the New Education Policy 2020 and gain a stronghold in the international professional accountancy education arena. It would also **promote export of accounting and education services** envisaged in the Government's 'Action Plan for Champion Sectors in Services'.

KEY FEATURES

Common Curriculum – There would be a single common curriculum for both Indian and international students in line with international best practices, with the exception of country specific tax and law papers.

Eligibility for imparting practical training – International students would be required to undergo two year practical training under eligible members of such other accounting institutions or bodies outside India recognised by the International federation of Accountants (IFAC) in such a manner as may be determined by the Council. The leave eligibility would be the same as is for a student undergoing practical training under a member of ICAI.

Two level integrated information technology and soft skills training – The two-level integrated information technology and soft skills training would be mandatory for international students also and the same would be imparted online

Practical Training,
Industrial Training
and Stipend

PRACTICAL TRAINING, INDUSTRIAL TRAINING & STIPEND

Practical Training/Articled Training

Practical Training or Articled Training is an integral part of the CA course. It requires a student to undergo full-time rigorous training under a practicing CA or CA in service thus provides a unique opportunity for the young and aspiring accountants to acquire hands-on experience in several vital aspects of the profession and to learn from the vast experience of their seniors. Students not only enrich technical is instrumental in shaping a well-rounded professional and also ensure that students have an opportunity to acquire on-the-job work experience in several aspects of the profession.. Such a practical training...

- Inculcates a disciplined attitude for hard work.
- Develops necessary skills in applying theoretical knowledge to practical situations.
- Provides exposure to overall socio-economic environment in which organizations operate.
- Develops ethical values.

Duration: Two years

When to Commence

An eligible student shall register for Final Course on payment of the fee below:

- i Foundation Route students can commence after completing Integrated Course on Information Technology and Soft Skills (ICITSS) and passing both groups of Intermediate Examination.
- ii For direct entrants coming through Graduation and Post-Graduation route, the practical training commences after completing course on ICITSS and after passing both groups of Intermediate Examination.
- iii Students who have passed Intermediate level Examination of the Institute of Companies Secretaries of India or the Institute of Cost Accountants of India can commence only after completing ICITSS and passing both groups of Intermediate Examination.

Students can commence articled training by submitting Form 103 and an agreement on training is to be entered with Principal in Form 102. The entire period of practical training can be served with a practicing member or it can be served partly with a practicing member and partly in an approved industrial establishment as an Industrial Trainee. The period of such industrial training may range between 9-12 months during the last year of practical training. Only students of Final course are eligible for industrial training.

In order to ensure that articled assistants get due training, students who are undergoing practical training can upload the details of work performed by them in web based e-diary system.

Objectives of Training Programme

Main objectives of the training programme include the following:

- i Acquisition of adequate theoretical knowledge: The objectives of the theoretical education meant for the chartered accountancy course are-
 - to impart necessary technical knowledge in relevant fields;
 - to build up necessary comprehension and analytical skills; and
 - to inculcate a professional and ethical approach.

The primary responsibility of imparting theoretical education rests with the Board of Studies through distance learning mode.

The Principal ensures on a day-to-day basis that trainees acquire and assimilate adequate theoretical knowledge with a view to providing strong foundation for building up of a professional chartered accountant. Such a theoretical knowledge can be supplemented by the firm directly by organizing group meetings, inter-firm/ intra-firm meetings, etc.

- ii Developing skills in applying theoretical knowledge to practical situations: A professional accountant is not only required to acquire necessary theoretical knowledge but also to possess necessary skill to apply that knowledge to practical problems encountered by him. Practical training, encompassing sufficient range and depth of work experience, enables a trainee to acquire knowledge and skill by participation in activities performed by professional accountants. The ability to develop solutions to practical problems through application of theoretical knowledge is acquired by the trainees in the course of their practical training. Thus, a training programme must blend theoretical knowledge and practical training. For details, refer to training guide on ICAI website.
- iii Inculcating a disciplined attitude: Practical training scheme also has the effect of disciplining and conditioning the mind of the trainee so that he gets attuned to the work environment and learns the virtues of patience and methodical work. The sincerity, integrity, objectivity and hard work of individual members of the Institute contribute to the position and prestige of the whole profession.
- iv Imbibing due professional orientation: Practical training imparted by a firm of chartered accountants must aim to endow due professional orientation amongst trainees. Apart from virtues of independence and integrity, trainees must imbibe professional orientation towards clients and social consciousness. Ability to communicate and articulate effectively with the client must also be developed as a part of the training programme.
- v Developing ethical values: Practical training also helps the trainees to develop professional competence and related skills as also to acquire certain ethical values and norms expected of professional accountants. Since the trainee, on completion of practical training and on passing the examination, will become a member of the Institute, it is imperative that he must be acquainted with the role of a chartered accountant and the code of ethics.

Design of Training Programme

The Member In-charge of Training (MIT)/ Principal may make a detailed assessment of the training environment so as to identify the areas in which the firm must provide training and the contribution which the firm can expect from trainees. Such an assessment will ensure that the training programme is relevant to the needs of the trainees and the firm. The following factors may be considered in this context :

- i timing, type and total amount of work generated by the firm;
- ii assessment of the partners and staff with the experience, skills and qualifications needed to undertake the work and to provide supervision to trainees;
- iii availability or otherwise of senior trainees for supervising the work done by junior trainees;
- iv reviewing the arrangements for instructions, particularly experience needs to be supplemented by theoretical training;
- v period for which trainees will be available for work. (The effect of releasing trainees from assignments for courses or study leave must be taken into account); and
- vi whether there are any deficiencies in the work experience available to trainees and how these may be overcome e.g., by secondment.

In designing the training programme, the following components are considered simultaneously so as to make it meaningful.

- i Categories of work experience
- ii In-house theoretical training
- iii Development of professional attitude
- iv Phasing of training programme.

The training programme is planned to ensure that the above components are included there in. The above components which are integrated into a logical sequence and which will provide trainees with the skills expected of them, are considered in detail in later paragraphs.

While considering integration of various components of a training programme the following elements are noteworthy:

- i Assigning progressive work experience commensurate with the expanding abilities of the trainees around: a number of 'core' assignments for each trainee and further assignments selected to broaden the trainee's experience which will not necessarily be repeated.
- ii Designing a study plan to ensure that trainees are fully prepared to take examinations for which they are eligible.
- iii Ensuring that work experience is preceded and backed by practical instruction including briefing before each assignment to ensure that the requirements of Accounting Standards and Auditing Standards relevant to the business of the auditee, etc. are fulfilled and that application of practical techniques to the circumstances of individual clients is properly understood.
- iv Ensuring that any in-house theoretical training is integrated with practical work experience, which will update the Trainees/Students with latest knowledge and developments.
- v Assigning higher levels of technical and supervisory responsibility and client contact designed to ensure that personal and managerial skills are developed.
- vi Ensuring that professional attitude and an understanding of professional ethics are developed by all trainees.

Categories of Work Experience

The categories of work experience are generally grouped as under:

- Accounting
- Auditing (including internal audit)
- Taxation (direct „ International and indirect)
- Information technology
- Management services (including services in the field of financial management and corporate affairs)
- Other areas, if any.

7 Other areas may include work study, organisational structure, design and conduct of training programmes, corporate planning.

The categorization of work experience as above should not be considered exhaustive or rigid as it is quite likely that working in a particular field may also overlap with other areas. For instance, work experience in the area of accounting and auditing may not be distinguishable in actual practice as both areas are quite inseparable from each other. Further, computers may be used in any of the aforesaid categories of work experience.

Categories of Work Experience

To make work experience effective, the following procedures may be observed.

- 1 The trainee's academic and other background should be ascertained and the work assigned should be such as would give him new experience. It is also preferable to assign all aspects of the work to a trainee in progressive stages rather than small portions of unrelated jobs. Necessary additional briefing should be given to such trainees who do not possess an educational background like a degree in Commerce. The assignment should be discussed with the trainee in advance and he should be informed about the nature of the client's business, the general economic conditions in which client operates and special features, if any, regarding the assignment. The following steps may be taken in this direction:
 - ensuring that before undertaking new work, trainees receive the knowledge, skill and understanding required to perform that work effectively;
 - providing any further explanation, instruction or correction as may be necessary, as a normal part of the supervisory process;
 - clarifying relevant issues during the review of completed work.
- 2 In the case of an audit assignment, the trainee should be encouraged to study the audit reports of previous years to acquaint himself with all the relevant facts. Wherever possible, a visit to the client's work place should also be arranged. The importance of working papers should also be explained to the trainee.
- 3 In the case of a tax assignment, the trainees who have acquired sufficient background of tax laws may be briefed about peculiar features of transactions of a client requiring special tax considerations etc. The trainee may be encouraged to study and analyses prior years' assessments, familiarize himself with various admissible and inadmissible deductions and prepare comprehensive draft tax returns, refer relevant case laws etc.
- 4 For achieving maximum benefit, a review of the working papers must be conducted in the presence of the trainee and additional work or enquiry should be assigned to the same trainee. The review gives a good opportunity to transmit to the trainee the benefit of a senior's skill, experience and knowledge and when conducted on a friendly basis, encourages the trainee to ask questions to appreciate the relationship of his work to the entire assignment and to understand other related aspects of work which might have been overlooked. In brief, it induces the trainee to understand the "why and how" of the matters under consideration. It needs little emphasis that work experience should not be confined to particular areas of work, but should cover all aspects of work in a chartered accountant's office.
- 5 Review of the work experience by MIT/Principal on a continuous basis would ensure that work performed by the trainee is of requisite standard. Deficiencies in the work experience, if any, noted by the MIT/Principal can be taken care of while allocating subsequent assignments. Such review would also assist the MIT/Principal in subsequent completion of Training Records.

Industrial Training (Regulation 51)

The Institute, in furtherance of its objectives of providing to the industries, members with adequate knowledge and background of industrial functioning, conceived the concept of industrial training. The concept, inter-alia, envisages the preparation of trainees, who intend to build their careers in industries, after becoming chartered accountants, in a manner mutually beneficial.

Training in an industrial/commercial/financial/ Government environment provides the trainees with the opportunity to develop a problem-solving attitude and to have an insight into the functioning of their respective departments. It also diversifies their practical experience and helps them in developing the attributes of team work and correlation with members of other professions and disciplines. It is intended to provide the trainees with a new dimension to their experience. This would necessarily involve exposure of trainees to the entire gamut of activities of industrial/ Government establishments in a phased and systematic manner. An exposure to the working environment of a large commercial/Government organization will give them an integrated view of its operations. It is essential that the member imparting training in industrial including commercial, financial enterprises and government bodies recognizes that perception of the overall business and working environment is the prime objective of such training.

Eligibility and other conditions for undergoing Industrial Training

- 1 An articled assistant who has passed the Intermediate Examination / Intermediate (IPC) Examination / Professional Competence Examination/ Professional Education (Examination - II) can serve as an Industrial trainee in any of the financial, commercial, industrial undertakings, offices of the Central or State Government as decided by the Council from time to time.
- 2 Articled assistant before proceeding for Industrial Training has to intimate his principal at least three months before the date on which such training has to commence.
- 3 Period of Industrial Training may range between minimum of nine months to maximum of twelve months during the last year of practical training.
- 4 The Industrial Training shall be received under a member of the Institute. An Associate who has been a member for a continuous period of at least three years is entitled to train one industrial trainee and a Fellow is entitled to train two industrial trainees at a time, whether such trainees are articled assistants or audit assistants.
- 5 An articled assistant may also serve as an industrial trainee for a period from six to twelve months in any foreign country under a member of the accountancy body in that country recognised by the International Federation of Accountants in such manner as may be determined by the Council from time to time.
- 6 An agreement of training is to be entered in the approved form, i.e., Form No.104.
- 7 The industrial trainee is entitled to receive a minimum monthly stipend of rupees fifteen thousand.
- 8 On satisfactory completion of industrial training, the principal has to issue service certificate in the approved form, i.e, Form No. 105.

Industrial training also offers an opportunity to the trainees to take part in specialized accounting exercises. Thus, for instance, the closing of accounts provides an opportunity for them to acquire the skills necessary as a concomitant to the theoretical knowledge which they have acquired earlier. Industrial training may also expose the trainees to management accounting, cost accounting, management information system, EDP etc. It also provides an opportunity to them to participate in the work relating to corporate laws, taxation and secretarial practice.

Part of Practical Training Outside India

Regulation 54A contains a provision whereby a Principal with the consent of articled assistant, may depute the latter for a period not exceeding six months to a member outside India who is eligible to engage and train such trainees under the bye-laws of an institution or body, etc. set up in the respective country under the relevant Statutes. It may be noted that in such cases, no Deed of Articles need to be executed for such training nor any intimation be sent to the Institute in this regard. Further, the Principal shall include the particulars of such training in the Report to the Council in terms of Regulation 64. Hence, it is an excellent opportunity for articled assistants who are undergoing training in India to get exposure outside India as well. It is not necessary that articled assistant is deputed only to a member of the Institute located in that country. In fact, articled assistant can be deputed to any member of that country's accounting institution or body set-up under the relevant statute provided such member is entitled to train articled assistants (by whatever name called) in that country.

Guidelines for Training of Articled Assistants outside India

- 1 A Chartered Accountant is eligible to train an articled assistant provided his main occupation is the practice of the profession of Accountancy at the time of engaging articled assistants as well as in each of the qualifying years on the basis of which he claims eligibility to train articled assistants.
- 2 Any member engaged in any other business, occupation or holding part time certificate of practice is not entitled to train articled assistant.
- 3 Any member employed as a Paid Assistant or engaged as a partner in a foreign firm of Chartered Accountants will also be eligible to train articled assistants at par with the paid assistants in a firm of Chartered Accountants in India. All conditions applicable to the Paid Assistants in India would be applicable to them as well. However, in case of a foreign firm, such a foreign firm shall have at least one partner who is either a member of the Institute or who is eligible to become a member of the Institute, in terms of MRA.

Provided that every Chartered Accountant from ICAI who is registered as an auditor and obtained a license and registration number from the appropriate competent authority abroad to establish a professional firm and carry out the attest function and who meets the international/local experience and expertise criteria laid down by the law shall be eligible to train articled assistants as under:

Category	Entitlement of Articled Assistant(s)
An associate or fellow in continuous practice for a period up to 3 years	1
An associate or fellow in continuous practice for any period from 3 years to 5 years	2
An associate or fellow in continuous practice for any period from 5 years to 10 years	4
An associate or fellow in continuous practice for any period from 10 years	5

It would also be essential for such member abroad to produce the copy of License and certificate of registration issued by the competent authority abroad to him as individual member and to the professional firm with whom he is affiliated to the Institute with current validity at the time of registration of training.

Further, where an Indian Chartered Accountant is working as paid assistant in a firm where there is no Indian CA as a partner, such paid assistant shall not be entitled to train any articled assistant.

- 4 The members shall provide a professional address as envisaged in Regulation 2(1)(xiii) as well as an address in India.
(As per the said Regulation, professional address means...
 - an address of the place where the member is carrying on his profession (or where he is carrying on his profession at more than one place, the principal place), or
 - if a member is employed, the place of employment or at his option the place of his residence
 - the place of residence, if the member neither carried on the profession nor is employed. It may please be noted that an address in India is essential in any of the situation).
- 5 Since there is full time employment visa instead of Trainee Visa for students who wish to register their training with chartered accountants abroad according to the immigration laws of Gulf Cooperation Council (GCC) Countries, such employees shall be treated at par with the articled assistants registered in India. It would be essential for such articled assistants abroad to produce the copy of such visa and immigration details along with a copy of passport at the time of registration of training. The terms and conditions that may be made applicable for training articled assistant in India from time to time shall mutates mutandis apply for training of articled assistant abroad.
- 6 The period of practical training shall be 2 years or 3 years, as applicable, under a practicing chartered accountant abroad. However, the articled/ audit assistants should have an option to undergo industrial training in accordance with the Regulations 51 & 72 of the Chartered Accountants Regulations, 1988 during the last 12 Months of Practical Training.
- 7 The Industrial Training may be imparted by the Chartered Accountants working abroad in a financial/ commercial/industrial undertaking with minimum fixed assets & minimum total turnover or minimum paid up capital as may be specified by the Council (whatever the value specified in terms of Indian currency may be deemed as applicable in foreign countries in their respective currencies) or such other organization or institution approved by the Council. In case of a member employed outside India and eligible to impart Industrial Training outside India, is unable to submit Annual Report/Balance Sheet of the corporate/undertaking the member is working with, the member may submit a self declaration about the particulars of the undertaking along with the application.
- 8 A member of the accountancy body of a country recognised by the International Federation of Accountants is eligible to impart industrial training in such manner as may be specified by the Council from time to time.
- 9 The terms & conditions contained in Regulation 54 and Regulation 54A dealing with secondment shall be applicable to the articled assistants receiving training abroad.
- 10 The principal shall send training reports as prescribed along with the service certificate to be issued in Form 109 & 108 as the case may be.

- 11 The principal shall impart training in accordance with the guidelines contained in Training Guide. He shall maintain a record of practical training imparted by him to the articled assistant and report to the Council in the form prescribed in the training guide.
- 12 The rates, terms and conditions of stipend prescribed as payable to the articled assistants / industrial trainees receiving training in India shall be applicable to the articled assistants receiving training abroad except that the same rate of stipend in equivalent terms specified in respective national currencies of the countries concerned instead of Indian Rupees.
- 13 Regulation of training in terms of office hours and working days, holidays will be applicable as per local office timings and laws. However, requirements of total training hours will be the same as applicable in India, the terms of which are given hereunder...
 - The working hours for the articled assistants shall be 35 hours in a week excluding the lunch break.
 - The office hours of the Principal for providing article training to the articled assistant shall not be generally before 9.00 a.m. or after 7.00 p.m.
 - The normal working hours for articled assistant shall not start after 11.00 a.m. or end before 5.00 p.m.
 - The working hours for the articled assistants should not exceed 35 hours in a week excluding the lunch break and normally an articled assistant be required to work during the normal working hours fixed for articled assistants.
 - In case of exigencies of work with Principal, an article assistant may be required to work beyond his/ her normal working hours. However, under such circumstances, the aggregate number of working hours shall not exceed 45 hours per week. The requirement to work beyond 35 hours in a week should not be a practice but only in exceptional circumstances.

Further, where the articled assistant is required to work beyond normal working hours, and aggregate of such hours exceed 35 hours per week, he/ she shall be entitled to compensatory leave calculated with reference to number of completed working hours, over and above, 35 hours per week.

Further, conduct of training will be regulated as per provisions of the relevant Regulations as follows...

Regulation 60: Working hours of an Articled Assistant

"The minimum working hours of an articled assistant shall be 35 hours per week (excluding lunch break) which shall be regulated by the Principal from time to time, subject to such directions and guidelines, as may be issued by the Council."

Regulation 65: Articled assistant not to engage in any other occupation

"Without the previous permission of the Council, obtained on application made in the approved form (Form No. 112), no articled assistant shall, during the period of his service as an articled assistant, take any other course of study or training, whether academic or professional, or engage in any business or occupation."

Regulation 66: Enquiries against Articled Assistant

- 1 "Where a complaint or information of any misconduct or breach of Regulation 65 or breach of the Code of Conduct applicable to articled assistants or breach of any of the covenants contained in the articles is received against an articled assistant from his principal or any other person, the President or the Vice-President as the Executive Committee may decide from time to time, may cause an investigation to be made.
- 2 The Executive Committee may, on a consideration of the report of the investigation and after giving the articled assistant an opportunity of being heard, make any of the following orders, namely...
 - direct that the papers be filed and the complaint be dismissed, if the Executive Committee finds that the articled assistant is not guilty of any misconduct or breach of Regulation 65 or breach of the Code of Conduct applicable to articled assistants or breach of any of the covenants contained in the articles; or
 - if the articled assistant is found guilty, reprimand the articled assistant or cancel the registration of articles or direct that any period already served under such articles shall not be reckoned as service for the purpose of the period of practical training specified in Regulation 50.
- 3 The articled assistant, the registration of whose articles has been cancelled under this regulation, shall not, except with the permission of the Executive Committee be retained or taken as an articled assistant or audit assistant by any member."

Regulation 67: Complaint against the Principal

- 1 "Where an articled assistant makes a complaint against his principal on a matter concerning his training as an articled assistant, the President or the Vice-President as the Executive Committee may decide from time to time, may cause an investigation to be made and submit a report to the Executive Committee.
- 2 The Executive Committee shall submit the report of the investigation to the Council with its recommendations.
- 3 The Council may, on a consideration of the report of the Executive Committee, pass such order as it may consider expedient, including an order withdrawing the entitlement of the principal to train one or more articled assistants either permanently or for a specified period.
- 4 The President or the Vice-President as the Executive Committee may decide from time to time, may, pending an investigation of the complaint, either terminate or suspend the articles and allow the articled assistant to be accepted as additional articled assistant by a member, notwithstanding anything contained in Regulation 43."

Secondment of Articled Assistants (Regulation 54)

In order to expose the trainees at large to multi-disciplinary work and variety of business situations, the arrangement of secondment has been provided in the Regulation 54. The procedure relating to secondment enables an articled trainee to gain practical experience, in areas where the Principal may not be in a position to provide the same, in the office of another member in practice on the basis of a mutually agreed arrangement. Secondment is allowed with the consent of the articled trainee from one member to another member who is entitled to train articled trainees in his own right or to a member in industry who is entitled to train industrial trainees. The member to whom the trainee is seconded is not entitled to train more than two such trainees on secondment at a time. The maximum period of secondment shall be one year which may be served with a single eligible member. The Council may permit secondment with more than one such member provided the minimum period of secondment shall be four months and the aggregate period served on secondment with such members shall not exceed one year. Where an articled trainee is seconded to a member in industry, the total period spent in industry including the period of industrial training, shall not exceed one year. During secondment the member with whom the articled assistant is seconded shall be required to pay the stipend and shall be responsible for imparting training and maintaining records and also required to forward the records to the principal on completion of period of secondment. The principal is required to include particulars of the secondment in the report to the Council under Regulation 64.

Apart from the secondment of a trainee from one firm to another firm or to an industry, firms may exchange trainees on mutual basis for a limited period to the advantage of firms and trainees. Such an arrangement is also quite flexible like the scheme of secondment and enables the firms to overcome deficiency, if any, in practical training imparted to trainees.

In-house Theoretical Training

It is another important component of practical training as practical work experience can be supplemented by arranging in-house theoretical training. Such training involves laying the foundation of knowledge and skills on which the work experience is built-up. It is not an alternative to work experience and it cannot compensate for any deficiencies in the quality or extent of work experience within the office. Theoretical training may be provided by the firm or through a group training scheme organized by two or more firms. Some of the advantages may be listed as follows:

- Sharing of work experience by one set of trainees with another batch leads to enhancement in overall level of knowledge
- Group-discussion and presentation by trainees in the presence of MIT/Principal not only helps in sorting out ticklish points of a particular client but also in broadening the vision of trainees
- A number of trainees can acquire practical knowledge and practice technical skills simultaneously. This may be more cost-effective than providing individual instruction
- Communication becomes more effective
- Trainees can be exposed to latest developments in the field and asked to apply these developments in real-life situations
- The total time devoted by supervisors is reduced as trainees tend to perform better.

A theoretical training programme would include an induction course for new trainees introducing the office, the Institute (in particular, its ethical standards), student training records, basic book-keeping, accounting, theory of auditing and taxation.

Periodic courses throughout the training period, for example:

- Preparation of statutory accounts
- Analytical review of accounts
- Preparation of working papers
- Basic supervisory skills
- Hands-on computer training; and
- Flow-charting internal control system

In-house theoretical training may be carried out internally by firms or by group of firms where the size of each such firm does not permit conducting the training programme individually. Such formation of groups would be both economical and effective.

Leave to an Articled Assistant

An articled assistant shall be eligible for leave of twelve days in each year of his Practical Training, including Industrial Training.

Stipend to an Articled Assistant

A person registered as an articled assistant is entitled to receive a minimum monthly stipend as per the rates specified under the Chartered Accountants Regulations, 1988. The current minimum rates of monthly stipend (w.e.f. date of gazette notification) payable, depending on the situation of the normal place of service of the articled assistants are as follows:

	Classification of the normal place of service of the articled assistants	During the 1 st year of Training	During the 2 nd year of Training	During the 3 rd year of Training
		Stipend payable per month		
	(1)	(2)	(3)	(4)
(i)	Cities/Towns having population of 20 lakhs and above	Rs.4,000/-	Rs.5,000/-	Rs.6,000/-
(ii)	Cities/Towns having population of five lakhs and above but less than 20 lakhs	Rs.3,000/-	Rs.4,000/-	Rs.5,000/-
(iii)	Cities/Towns having a population of less than five lakhs	Rs.2,000/-	Rs.3,000/-	Rs.4,000/-

Permission to pursue other courses of study including guidelines on working hours

Under Regulation 65 and Regulation 78 of the Chartered Accountants Regulations, 1988, an articled/audit assistant cannot take up any other course of study or training, whether academic or professional, without prior permission of the Council. The permission may be granted to an articled/audit assistant, for pursuing one additional course of study at a time during the period of practical training on submission of request in the prescribed form.

Permission to pursue other courses

- 1 During the working hours, the articled assistant is not permitted to attend college/other institutions for pursuing any course including graduation. Accordingly, college timings of such course should not be such (after taking into account the time required to commute) which clash with the normal working hours of the articled training.

- 2 To ensure that the working hours do not clash with the graduation or any other course, if any, pursued by the articulated assistant, each articulated assistant shall be required to obtain specific permission from the ICAI for pursuing graduation or other course as permitted under the Chartered Accountants Regulations by submitting Form No. 112, within one month from the date of joining the college or course to the ICAI.
- 3 The Certificate in Form No.112 indicating college timings etc. shall be counter-signed by the concerned Principal of the college with the seal and stamp of the College and also indicating the telephone number/s and full address of the College.
- 4 In case a student does not comply with the above requirements or violates any of the above guidelines, his/her articleship period shall not be recognized.

Practical Training Assessment

The Board of Studies (Academic) conducts an online MCQ-based test for the students who are pursuing practical training. The students will be assessed after the completion of first year of training in order to imbibe the importance of practical training among the student fraternity.

This test is recommendatory in nature. A grade is assigned in this test which appears in the virtual certificate issued to the student after qualifying the Final examination. If a student does not appear in this test, this virtual certificate will not be issued to the student.

Facilitation to Students

FACILITATION TO STUDENTS

eBooks

The Board of Studies (Academic) provides e-Books for all the three levels of CA Course – Foundation, Intermediate and Final, through ICAI Digital Learning Hub at <https://learning.icai.org/iDH/icai/>. These e-Books contain audio enabled study material for listening on the move. Along with the theoretical subjects, audio has been enabled for theoretical portion in the practical subjects.

Students can highlight text and make notes/ annotations which can be exported to PDF and retrieved later for quick reference. Searching the meaning of any word/ phrase is also possible with embedded Wikipedia. Self-assessment questions are available at the end of each chapter, to gauge performance. E-Books are available on the BoS Knowledge Portal and 'ICAI BOS' Mobile App.

CA Students' Journal

The Chartered Accountant Student

- The CA Students' Journal, 'The Chartered Accountant Student' is the medium of communication between the Board of Studies and the CA student community.
- The Journal covers regular features with contents broadly as under:
 - Communication by the President, Vice President and Chairman/Chairperson, BoS
 - Subject specific capsules for all levels of the CA course (Foundation, Intermediate and Final) for quick revision

- SCORM compliant format can be accessed through the Digital Learning Hub.
- Any queries regarding the journal can be sent to nosj@icai.in

Self Service Portal (SSP)

Self Service Portal (<https://EServices.ICAI.org>) has been serving students and members since its launch in May 2019. Students can register by filling the E-Forms available for all the levels of the CA course including articleship. Forms are OTP verified. After a candidate fills the E-Form for the desired level, it goes for approval to the back office. A candidate is an applicant until he gets a Student Registration Number (SRN). Any information provided by the applicant/student is never asked again. Most forms have Ask for Correction feature in case there is / are parameters left missing by the user. Payment Gateways are integrated with the forms to facilitate online payment. Once the payment is successful, the forms automatically go to the back-office for scrutiny. Action taken on the form i.e. Approval, Rejection OR discrepancy is communicated to the applicant/student through a message. The system is configured for SMS alerts and E-mail notification for information at every step. The journey of a user is tracked and transitioned from a Student to an Article, to a Member and further his/her association in a CA Firm.

Changes if any, in the communication details such as the E-Mail OR Mobile Number at any point in time, can be updated on the portal.

Saransh – Last Mile Referencer

Saransh is the comprehensive Repository wherein the significant concepts dealt with across topics in core subjects of Accounting, Auditing, Cost and Management Accounting, Strategic Cost Management and Performance Evaluation, Financial Management, Strategic Management and Company Law are captured by way of diagrams, flow charts and tables. This booklet will help the students in the last minute preparation before the examination.

Practical Training Assessment Portal

The Board of Studies (Academic) conducts an online MCQ-based test for the students who are pursuing practical training. The students can appear in this test after completion of first year of training. It is being conducted to imbibe the importance of practical training among the student fraternity. The student can know his/her weaknesses through this test and try to improve on the weak areas by learning more during the training.

This test is recommendatory in nature. A grade is assigned in this test which is mentioned on a virtual certificate issued to the student after qualifying the Final examination. If a student does not appear in this test, this virtual certificate is not issued to the student. A student gets two more chances to improve the grade which are chargeable at a nominal fee.

Practical Training Portal Link: <https://pttest.icai.org/> facilitates students to register for the aforesaid exam.

Student Activity Portal

Student Activity Portal (**Link: <https://bosactivities.icaai.org>**) helps students to register for various students' programmes being organised by Regional Councils and Branches.

The students can login periodically to check for the events like, Student Seminars, Conferences, Workshops, Special Counselling Programmes, Talent Search, Students' festival, Sports Competitions, Mock Tests, etc.

In order to register, the students can login using their credentials and pay the requisite registration fee online (through Debit Card/Credit Card/ Net Banking) on the portal. After successful registration, the student is eligible to attend the event.

Reading Room Portal

In order to provide a conducive reading atmosphere to the students, Reading Room facility is provided. Several such facilities have been established within and outside the premises of various Regional Councils and Branches.

The Reading Room Portal (**link: <https://readingroom.icaai.org/>**) provides up to date information about the availability of seats. Students can login to obtain current information about the same.

Portal to register for ICITSS and AICITSS Courses

Online Registration Portal <http://cloudcampus.icaai.org> or www.icaionlineregistration.org has been developed to facilitate students to register for the courses and make online payment using Credit/Debit card/Net Banking.

The portal facilitates registration in a batch launched by the Programme Organising Unit. - Branch Accounting Dashboard
- Branch Reporting Dashboard

Exam Portal

Students Exam forms are hosted at <https://eservices.icai.org/>, under students login i.e. SSP login.

Exam forms are migrated to SSP platform so that all student activities are available under one login.

There are broadly three forms available for students based on their course and eligibility along with its correction window forms during the correction window period only.

Profile registration and Login creation is mandatory to access SSP.

List of students' exam enrolment form:

- Foundation Exam Enrolment Form
- Intermediate Exam Enrolment Form
- Final Exam Enrolment Form

New applicants/already enrolled students are required to generate their login id and password in ICAI SSP using the profile registration form in order to gain access to the SSP Portal and start filling the examination related forms.

The profile registration form for aspiring students is different than the profile registration form for the already enrolled students.

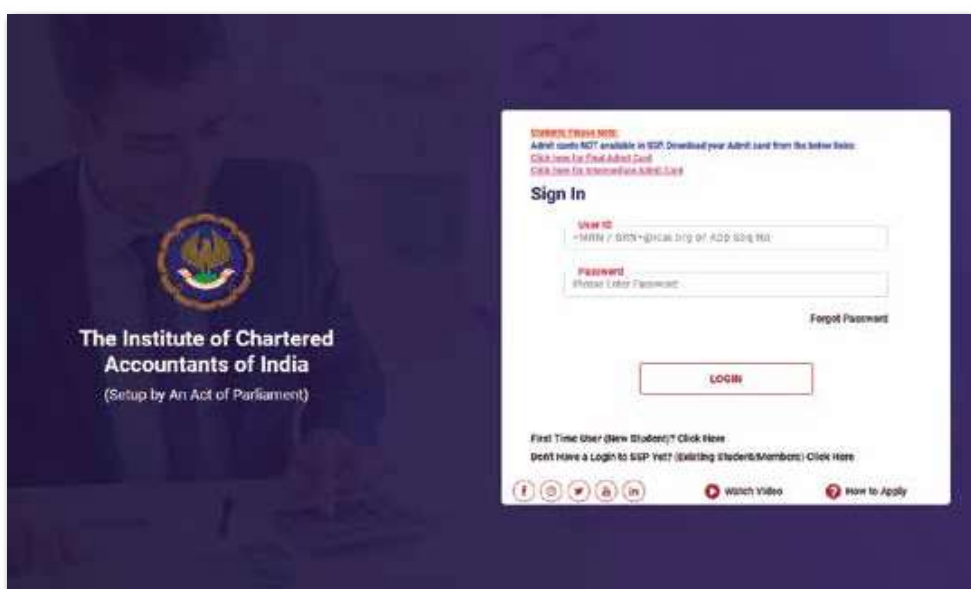

A valid e-Mail id and mobile number is required for the profile registration. The e-Mail and mobile number will be verified using verification link/OTP.

Students who are aspiring to pursue CA course or already enrolled as students of CA courses in ICAI need to login in the SSP Portal.

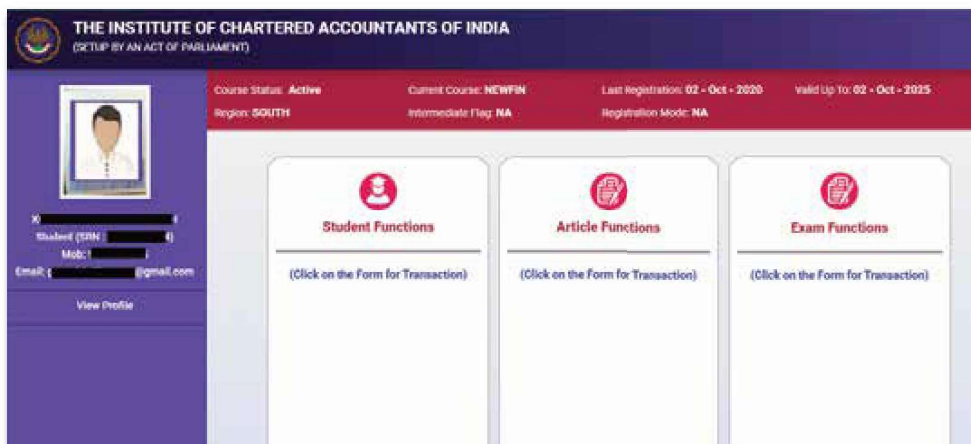

Steps: To log in to the SSP Portal

- 1 Go to ICAI website - <https://icai.org/>
- 2 Click on e-Services > Self Service Portal
- 3 The sign in/ICAI Login form will be opened.
- 4 To apply for profile registration of New / Existing Student click on the mentioned link as shown on the following image.

After successful login by students, the student's dashboard is displayed.

There are 3 modules currently available to the students. Students Functions, Articleship Functions and Exam Functions as shown in the following image.

Through “Exam Functions” students can apply/access for following activities, as per schedule already announced on [icai.org](https://www.icai.org),

- Exam Form Application
- Correction Window
- Admit Card
- Exemption details

Exam department is in process of migrating other services also on eservices.icai.org, including:

- Verification/Certified copies
- Application for Duplicate Marksheet, Pass Certificate, Transcript, Attestation, Qualification Verification, Digital Marksheet
- Details for Advanced Integrated Course on Information Technology and Soft Skills (Advanced ICITSS) – Advanced Information Technology Test is hosted on <https://advit.icaiaexam.icai.org/> . Student can apply for the exam, get admit card and result also through this website.

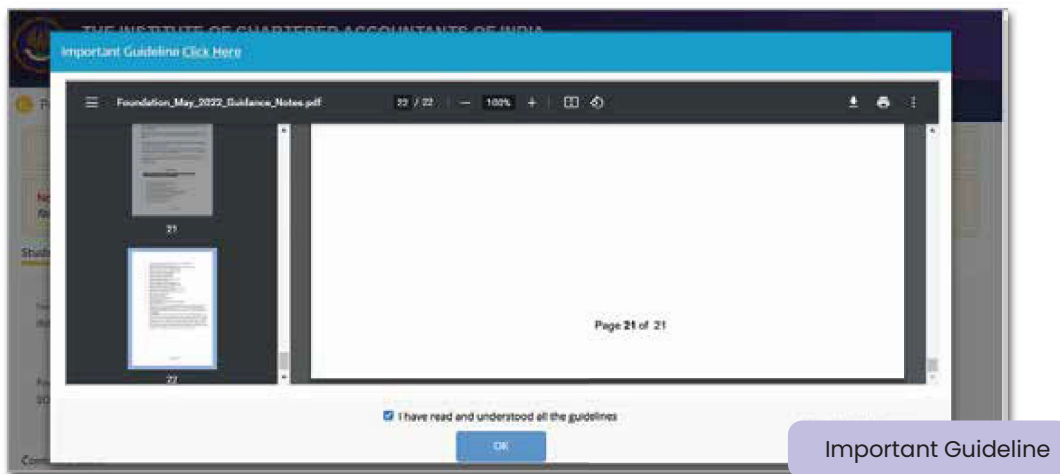

Exam application process is very similar to all three types of exams. Flow of foundation exam application is given below.

- Bookmark the last accessed content to start again.
- Add Notes to the topic/sub-topic being read.
- Search through the topic accessed.
- Text to speech convertor for the selected content.
- Highlight the topics for future reference.
- Comment and share thoughts.

Placement Services for the Newly Qualified CAs

ICAI provides hand-holding services not only for its aspiring accountants but also for the newly qualified accountants. In an attempt to offer a platform that extends ample professional opportunities for the new accounting tasks, ICAI has been organising its campus placement programme for the newly qualified CAs since 1995. It is highly sought after by the new members and the corporates alike.

The entire programme is system driven, starting from the stage of registration, shortlisting, consenting, interviews, offers and up to final stage i.e. acceptance. All interviews are held virtually. As per data compiled from the previous such programmes:

There are more than 100 recruiters including: Multinationals, Banks, Financial Institutions, Corporates from both public and private sector and CA firms. Anywhere between 50 to 70% of the total registered candidates get job offers. Rest get absorbed by industry off-campus within few months. Recruiters register at 9 Big and 18 Small centres. Candidates are allowed to register at any one BIG and one Small centres. The minimum threshold CTC at most of the centres is Rs.9 lakhs per annum, whereas at few smaller centres, it is Rs.7.2 lakhs per annum. The average CTC offered at ICAI campus has been steadily increasing. The same was more than Rs.12 lakhs per annum at the 56th edition of campus held for May, 2022 final examination pass-outs. The highest CTC offered was Rs.31.50 lakhs for domestic posting and Rs.41 lakhs for overseas posting.

Management Development Programme for freshly qualified rank holders

Shortly after the declaration of CA Final Examination results, ICAI holds an exclusive Management Development programme for the rank holders. All rank holders are invited to participate in the 10-day intensive sessions covering skill-based and technical topics that aim at inculcating vital managerial skills. The programme is heavily subsidised by ICAI.

Placement services for experienced Chartered Accountants

All those students who qualify the final CA examinations and obtain membership of ICAI, after a year, if they do not opt for COP, are given an opportunity to participate in the Virtual Career Ascent programme of ICAI. This programme is an annual feature and is held in the month of June every year.

From 2022, a similar campus programme is being organized exclusively for women members, who wish to take up employment on flexi-hours, part-time and work from home basis. Besides the above, exclusive overseas placement programme is also held by ICAI.

Opportunities for Members

OPPORTUNITIES FOR MEMBERS

Globalisation has had a positive impact and opened new avenues for the country to establish its distinctive position in the knowledge world. The accelerated economic growth within the country has also increased the demand for skilled and competent human resource. The global accountancy profession has been particularly conscious of this need and has been working towards integration of knowledge and skills to develop competent chartered accountants to keep pace with the growing demands of the knowledge economy.

Chartered Accountancy is a challenging career at the cutting edge of trade, industry and economic growth. The best way for a chartered accountant to leverage knowledge economy is to imbibe its traits - innovation, dynamism and change management being the most significant. It is also critical for them to keep a tab on the technological developments. Finally, they should be able to "MAP the GAP" by integrating their knowledge with the requisite professional skills and values to evolve as competent chartered accountants. No wonder that the Chartered Accountancy is a high-status profession and a passport to challenging and rewarding career in industry and commerce. Chartered Accountants possess abilities necessary for deciding and acting upon the high-pressure situations.

Chartered Accountancy is a profession that imparts the best of technical skills in accounting, auditing, taxation, financial and management areas. Chartered Accountants today, have occupied top management positions in public as well as private sectors. They also render professional and consultancy/advisory services in the areas of financial reporting and auditing, taxation, finance, and management accounting.

The society has increasingly recognized the services of CAs in entire gamut of financial reporting and management consultancy including management accounting, management information and control systems, international finance, information technology and financial services sector. CAs today are part of the top management team and hold key positions in the corporate sector. Even in the government, they occupy prominent positions. Rapid changes taking place in the economy have further opened up new vistas of opportunities for the Chartered Accountants. On becoming a Chartered Accountant, you have many options for pursuing challenging and rewarding career.

In this Scheme, the chartered accountant will be equipped not only with the technical competence, professional skills and professional values, but also with ethics and attitudes in order to gear up to take on new roles. The emerging CAs would be able to help industry and small businesses in understanding the nuances and the compliances under the new regime thereby facilitating ease of doing business. CAs would now be able to play a significant role in helping businesses avert risks thereby facilitating the businesses to contribute towards make in India and nation building.

Independent Professional Practice

As practitioners of public accounting, CAs may start professional practice as a proprietor or join any existing firm as a partner or staff member. A CA has been entrusted with substantial responsibility under various legislations such as compulsory audit of the accounts of all companies, banks, cooperative societies, stock brokers, big income-tax assesseees, large bank borrowers, etc.

A Chartered Accountant also provides compilation and review services as and when required by enterprises. While practicing as an independent professional, a CA also acts as a business advisor by providing all kinds of services including the preparation of financial reports, helping the business to secure loans, preparing financial projections showing how the loans will be repaid, and determining the viability of business. As a tax advisor, CA helps business and individuals to comply with tax laws and represent his clients before government agencies.

Global Scenario

Today, the Indian Chartered Accountancy qualification is well recognised in many countries as Indian CAs are taking up attractive global careers. Indian CAs are highly sought because of their skillsets and high quality of education.

The opportunities are simply ever increasing. Today, huge opportunities are available for professionals with specialized knowledge and skills sought by global organizations. These include areas of globally accepted financial reporting, national and international taxation, finance and corporate law. The knowledge of local laws and regulations, of course, places Chartered Accountants in a stronger position to supply services to global organizations entering the Indian Market.

Below given are the opportunities which chartered accountants can avail as per their interest...

Professional Opportunities for Chartered Accountant as a Global Accountant

Knowledge of Ind AS IFRSs will benefit the Chartered Accountants in a way that they will be able to cater their services as experts in the area of financial reporting in different parts of the world. They would be able to scan the financial statements of multi-nationals and avert probable frauds. Also, for chartered accountants in industry as well as in practice, their mobility to work in different parts of the world would increase.

Further, Ind AS IFRS requires valuation of assets and liabilities at fair values. For the purpose of fair valuation, our industry will require valuers. Therefore, our CAs may also venture into this new area of valuation by becoming valuers. Certain industries like Banking and Insurance are most affected by the implementation of Ind AS. CAs will have plethora of opportunities to render their services on application of Ind AS to these industries.

Chartered Accountant as an Auditor

Appointment of Chartered Accountants as auditors is mandatory under the Companies Act, 2013, therefore, knowledge gained in auditing subject would be helpful to him while conducting statutory audit of Companies for example listed Companies, Private Ltd. Companies, Government Companies, Banks etc. Under Income Tax Act 1961, Tax Audit is also statutorily required to be conducted by Chartered Accountants, education of Auditing would be imperative to conduct such audits.

Also, certain entities like Political Parties, Co-operative Societies, Non-Profit Organizations are also required to get their accounts audited by Chartered Accountants which would definitely require deep knowledge in auditing. Moreover, Internal Audit is also made obligatory for certain class of Companies.

Professional Opportunities for Chartered Accountants in the Direct Taxes domain

Audit of Accounts

The provisions relating to tax audit were introduced in the statute book in the year 1984, marking a milestone in the history of chartered accountancy profession in the realm of professional opportunity in direct taxes. Since tax audit was introduced to ensure the accuracy of books of accounts maintained, which forms the basis of computation of income, the responsibility entrusted to chartered accountants. The disclosure requirements under the notified income computation and disclosure standards (ICDSs) also have to be captured in the tax audit report.

Special audit, directed by the Assessing Officer owing to nature and complexity of accounts, volume of accounts, doubts about the correctness of the accounts, multiplicity of transactions in the accounts and interest of revenue, is another important responsibility entrusted to chartered accountants.

Audit of trusts and institutions whose total income without giving effect to the exemption provisions exceeds the maximum amount not chargeable to income-tax in any previous year has also been entrusted to chartered accountants. The exemption available to electoral trusts is also subject to the condition that their accounts are audited by a chartered accountant.

Further, the profit-linked tax deductions from gross total income [Section 80-IA to 80-ID] shall not be admissible unless the accounts of the undertaking eligible for such deductions have been audited by a chartered accountant and the audit report is furnished along with the return of income.

Certification

In addition to audit, there are certain provisions under the Income-tax Act, 1961 which require certification by a chartered accountant. For instance, every company to which the provisions of minimum alternate tax applies have to furnish a report by a chartered accountant certifying the correctness of computation of book profit. There is a similar requirement for every person to whom the provisions of alternate minimum tax are applicable.

Verification

Besides audit and certification, certain requirements under the Income-tax Act, 1961 necessitate statements/returns to be duly verified by a chartered accountant.

For instance, a non-resident having liaison office in India set up in accordance with RBI guidelines has to submit a statement duly verified by a chartered accountant in respect of its activities in a financial year to the jurisdictional Assessing Officer.

Advisory and Compliance Services

In addition, CAs also render advisory and compliance services in the field of direct taxes.

Professional Opportunities for Chartered Accountants in the domain on Goods and Services Tax (GST)

GST aims to make India a common market with common tax rates and procedures and to mitigate the ill effects of cascading thereby improving competitiveness. Chartered Accountants have played an instrumental role not only in ensuring the smooth transition of the businesses from erstwhile indirect taxation system to the new regime, but also meeting the extensive compliance requirements introduced under GST, namely, registration, payments, returns, e-way bill generation, etc. GST has opened up plethora of professional opportunities for the Chartered Accountants in practice as well as in industry. CAs can impart training on GST to businesses to make them understand GST functionality. They can also assist in the training programmes organised by the Government for their officials.

In addition to the opportunities in-house, implementation of GST also brings in professional opportunities at a global level as GST is one of the most widely implemented tax world-wide. Knowledge of GST helps in decoding tax regimen of other countries thus enabling CAs to provide advisory services and undertaking work in the area of knowledge process outsourcing. Further, CAs also provide capacity building services across the globe to other countries who intend to implement GST in their countries. Under GST regime, the role of a chartered accountant as a tax advisor is continually evolving and is unveiling newer avenues for him.
